

## WHAT WILL BE: CHICAGO 2014

In one, people's choices can bring about important changes.

- Identify five Chicago challenges--obstacles that limit progress of individuals, families, communities, the city.
- Then make choices for changes.

Your solution must meet these criteria:

involve many people in making this progress

lead to more progress

re-connect people who currently are not linked in their community or linked to the city

### CHALLENGE

### YOUR CHOICE: HOW TO CHANGE CHICAGO

CHALLENGE	YOUR CHOICE: HOW TO CHANGE CHICAGO

On the back of this page, make an agenda to bring about one of these changes.

How can one person make such progress?

One person cannot accomplish that outcome.

But people connected can bring about lasting development.

Get connected/stay connected: it's your city/it's your future.
