Dear Mayor Daley, Daley,

Can you please read this letter. I think it is not safe in Chicago because there is too much crime.

Also innocent kids are going to get hurt at those crime scenes. So we need more schools. Then in the summer we can keep them open and kids can go and play in them. They won't get hurt in a school but they will get hurt outside. Sometimes.

We all need to get together so we can clean this city up. Look at the lake front. Then look at our city. See the difference? The Lake front is clean and much of the city is not.

We need more jobs
and if we're going to
clean the city there will
be a lot more jobs. If
there is more jobs, less
people will be complaining.

Thank you Mayor Daley,

Sincerely,
