

Dear Mayor Daley,

Please read this letter. In my community it is not safe. I see a lot of fighting in my community and one night I saw a gangbanger in front of my window and he dragged my dad's car. I saw drunk people walking around. There are also many homeless people.

My community needs to be prettier. I see people throwing candy wrappers in our yard. We try to keep it clean but it is hard when people are throwing stuff. Why not give the homeless a job like cleaning the community.

Thank you and please read our plan for community. It might help.

Sincerely,
