Dear Mayor Daley,

Would you please consider reading our plan for Chicago communities? first I would like to see all of Chicago safe and beautiful.

Our communities need to be safe because in my communities there are drug dealers and gangbangers robbers and crazy people.

The communities also need to be beautiful because gangs spray paint buildings and there are a lot of vacant buildings and few parks. There is a lot of littering that I think we should clean up.

Just think, Mayor Daley, if our communities safer and cleaner Chicago will really shine!

Thank you Mayor Daley.

Sincerely,
