

May 7, 2009

Dear Mayor Daley,

Could you please take some time to read our plans to make our communities more beautiful and clean.

I think that you should "clean up Chicago" so people will feel safer and more peaceful. There are drug dealers who sell bad stuff that can kill you.

- We should gather up and pick up wrappers, cans, glass and others trash so our communities will be spotless and shiny how it should be. If it is clean and pretty people will take better care of it. Thank you, Mayor Daley. Keep in touch.

Sincerely,
