

5-14-09

Dear Mayor Daley,

My name is [redacted] I am a third grade student at Ariel Community Academy. I have been thinking of things to say to you and I finally have it.

I've learned a lot about Chicago. Let me tell you about some of the topics. The first topic we learned was about you and your dad. Your dad is the longest running mayor but in two years you will beat his world record.

My big dream throughout Chicago is to allow free bus service. First, I will find a way to talk to the CPS service. Second, I would get a petition and make everyone who wants free bus service sign it. Third, I would turn the petitions into the CPS service.

It is important to the city to have free bus service because moms and dads have to work and take their children to school.

Lastly, if you gave free bus service you wouldn't just be helping adults but you will be helping kids. Also, if you agree to this law it would help me too.

Sincerely

ariel
