

May 14, 2009

Dear Mayor Daley,

First, I would like to introduce myself, my name is [redacted] and I go to Ariel Community Academy on the South Side of Chicago. My Teacher name is [redacted] in room [redacted] in 3rd grade.

We have learned that the east side of Chicago is Lake Michigan. Also, We have learned that Joliet and Marquette were explorers who found Chicago. Additionally, [redacted] and the other 3rd grade Class, [redacted] are studying famous landmarks in Chicago. I have learned that The John Hancock building is one of the tallest buildings in Chicago.

My Bold plan is to reduce the cost of medicine. Medicine is important to the community. If people are not very healthy, they can be healthy with less expensive medicine. People would be buying the medicine more often than people do now.

That is why I think that Chicago should get less expensive medicine
Mayor Daley.

Sincerely,
