

5/12/09

Dear Mayor Daley's

My name is [redacted]

I am a student at Ariel
Community Academy. My
teacher's name is [redacted]
and my room number is [redacted]

In my class we have been
learning a lot about Chicago
history. Also we've been
learning about some of
the Leimans architects.

like Daniel Burnham, Frank Lloyd

Wright and Ludwig Miles van der

Rohr. My big dream is to not use

buses anymore. I don't want to use

buses anymore because they pollute

our air. ~~Also~~, they take a lot of gas.

We could just give away bikes for free.

It is important to the city because it won't

take up a lot of gas as a bus. It takes
four hundred dollars to fill up a bus. It will
help the future by not harming the earth. By
not letting carbon dioxide into our air.

That's why not using buses are important
a big dream and it will help the future.

Anyways, we don't stop now do we!

Warming will meet us. So unless
you want us to lose our earth
you should help.

Sincerely
