

Dear Mayor Daley,

Hello, my name is _____ and my class has been learning about Chicago. The downtown is called the loop. I learned that in school. We have been doing a project at home.

We have been reading stories about Chicago and books about Chicago. I know that the Chicago loop is the downtown area. That is the nick name for downtown. We have an "L" train that you can take.

My big plan for Chicago is to help people speak English. My steps are to put up signs. I would find people who can't speak English, bring them to my shop, teach them English and they will be good to go.

Finally, it is important to the city because every body over the world needs to know how to speak English. And it will help the future because it

would be wonderful to see all the
people speaking english.

That was my reasons for my big plan
on what should change. So I got to go. See
you next time Mayor Daley.

Sincerely,
