

3/2/09

Dear Mayor Daley,

First I would like to introduce myself. My name is [redacted]. I would like to tell you my big plan for Chicago. My teacher's name is [redacted], she is a good teacher. My big plan is to put an Activ Boards in each class room.

In my class we learned about Chicago and Chicago's history. I learned that one of our famous architects is Burnham. We learned he designed a lot of things like navy pier.

My big plan is to put an Activ board in each class. I think we can save up our money to buy and install the machine we can have a fundraiser and raiser enough money.

I think that will help the kids like me more because I like technology other schools probably don't have them and we will be educated more. We can probably give them ideas to raise money for them too.

Finally, as I said we can make my big plan happen with your help. You will be helping us with our education!

Sincerely,

[redacted signature]
