

Dear Mayor Daley,

5/14/09

my name is [redacted]. I am a student at Ariel Community Academy. Our school is great because we have great teachers.

I have been learning about Chicago. I have learned that there was a big fire. Dusable made the first trading post that started Chicago.

My big plan for Chicago is to help the homeless. I believe we need to find them a home to live in while we look. We should have them live in shelters, we don't have enough of those so we will need to build more.

I believe this is an important plan that will help make Chicago even greater.

Sincerely,

[redacted]
