

Dear Mayor Daley

May 14, 2009

I am a student from Ariel Community
My name is [redacted] I feel
great about living in Chicago. I like sports
like hockey, baseball, basketball and foot ball.

I Learned nick names for Chicago
like, windy city, urbs in porta city of big
shoulders, City in a garden and hog out to
the world. I learned about the great Chicago
fire of 1871 and it left a legacy of
metal frame buildings.

Mr. Daley people are dying because of guns and
it seems like that it happens every
5 minutes I want people to stop shooting
others.

So if someone goes to jail for shoot
take there gun and burn it to ashes

This a great idea because mostly every body will
beside so people can have a good time
everywhere

Sincerely,
