

Dear Mayor Daley,

May 12, 2009

My name is [redacted] I go to Ariel Community Academy. I am in third grade. My class has been studying Chicago. I learned about Chicago's buildings. I learned about your job as mayor. I made a map of my neighborhood. My bold plan is to rebuild all of the broken buildings in Chicago. First, I will get some tools. Then, I will get people to help me. Then, we will rebuild the buildings. Finally, we will take away the old junk. This is a good plan because every neighborhood will be a nice place to live and shop.

Sincerely,
[redacted]
