Dear Mayor Daley,

Hi, my name is

I go to Ariel Community Academy. I am in 3rd grade in Ms. Suffredino's class. We really are hardworkers and are learning about Chicago.

In our unit about Chicago we have learned about Chicago's flag. We have learned that the three white stripes mean North, South and West side there is no Eastside (that is Lake Michigan). We also learned about you and what you do as a Community Leader as the Mayor.

My plan is to put solar panels on each house. It will help the environment and Chicagoans will come out because the air is not polluted. If you don't do this, when I grow up I will be a community leader and follow through with my plan. It is a great idea.

This is why my plan should be on Chicago's buildings

Sincerely,
