

May 14, 2009

Dear Mayor Daley,

Hi, my name is [redacted]. I want to tell you about my classroom. I have a teacher and her name is [redacted]. We have posters to help us on tests.

I think that what we learn about Chicago is fun. We went on a boat tour to learn about Chicago. We do work to see if we were paying attention.

My big plan is for each person that is in school to have a free uniform. They will need uniforms because [redacted] back.

their parents do not have enough money.

It is important to the city because people will think that you have no control over the students. You should buy them uniforms no matter what. It will help the future because more people will come to the school.

Now, I'm finished telling you about why schools need uniforms.

Sincerely,
