

5-14-09

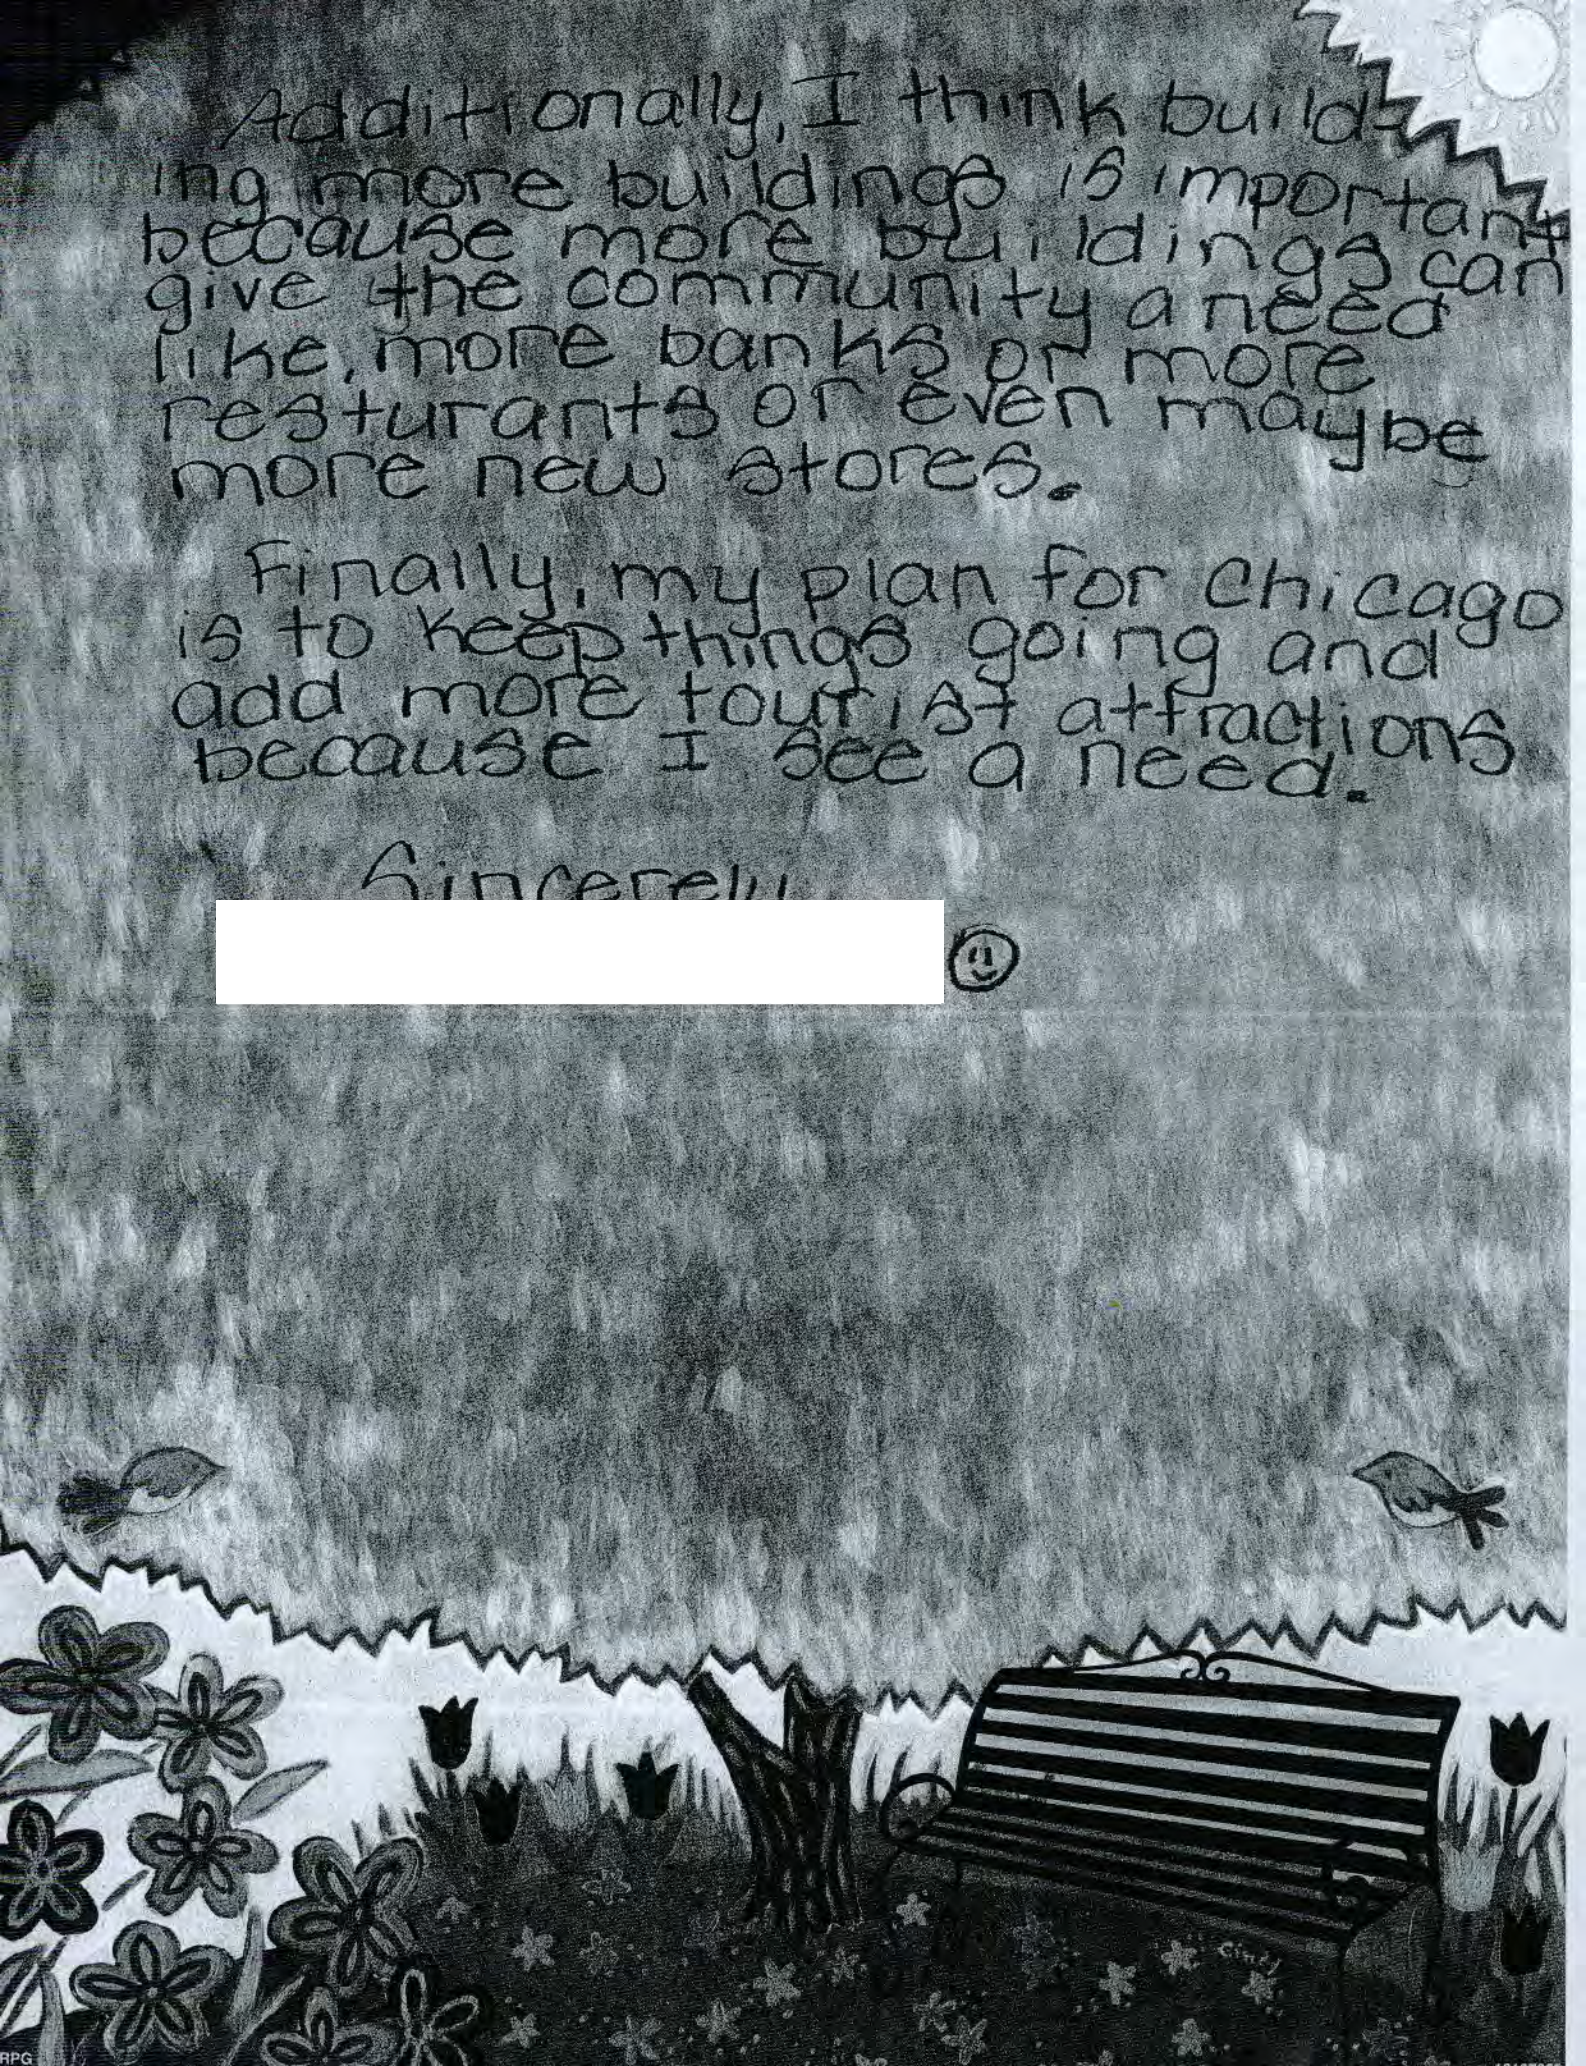

Dear Mayor Daley,

First, I would like to introduce myself. My name is [REDACTED]. I go to Ariel Community Academy. I'm in 3rd grade student. My class and I have been studying about Chicago Illinois.

In our unit Chicago we have learned lots of great things about Chicago. I know that our location makes Chicago a great place. Also, Daniel Burnham had big plans and bold dreams for Chicago. Louis Joliet and Marquette found Chicago. Jean Baptiste Point DuSable built a trading post because he saw a need for it.

Futhermore, my big plan and bold dream for Chicago is that I become an architect so I can design and build more amazing buildings.

Additionally, I think building more buildings is important because more buildings can give the community a need like, more banks or more restaurants or even maybe more new stores.

Finally, my plan for Chicago is to keep things going and add more tourist attractions because I see a need.

Sincerely,

[Redacted Name]
