

Dear Mayor Daley, 5/13/09

My name is [redacted]
The name of my teacher is Ms. [redacted].
The room number of my class is [redacted]. I am in 3rd grade.

I learned a lot of stuff about Chicago. I know about the Chicago flag. I know about the great Chicago fire in 1871.

My bold plan for Chicago is to build playgrounds for all schools and require play for 15 minutes in school each day.

It's important to the city because children can rest their brains. Children can have free time.

This idea will be a great plan for other schools that don't have recess.

Sincerely,
[redacted]
