

Dear Mayor Daley, May 12, 2009,  
My name is \_\_\_\_\_.

I go to Ariel Community Academy. I am in third grade. My class has been studying Chicago. I learned about Chicago's building. I learned about your job as mayor. I made a map of my neighborhood. I also made a flag for my neighborhood. I learned about Carl Burham and his plan for Chicago.

My bold is to put flowers and vegetables in every neighborhood in Chicago.

Flowers make people happy. The city needs to buy seeds and flowers. The plants them. They need to get people to plant. This is a good plan because more butterflies will fly in the spring.

Sincerely,  
\_\_\_\_\_
