

Attucks School

05/15/09

Dear Mayor Daley,

I have something on my mind that I would like to share with you. When I heard about your bid for the 2016 Olympics, I realized that I will be fifteen year old. Guess what, Mayor Daley, I have never seen the inside of City Hall, or traveled to the north side, westside or suburbs. I can't say that I am happy about that. My parents don't own a good car or have much money. We can't just go to these places. Many of the kids at my school haven't been many places either. I know it isn't your fault, but you can help us see these places by allowing us to go on trips for free! Maybe it would help change us as third graders. We would probably keep our school and neighborhood cleaner. Then the kids in the city will be proud that visitors from South America are coming for the 2016 Olympics. Besides, I would like to see the whole City of Chicago before the visitors. Mayor Daley, you know that many people from every where are coming for the Olympics. Help CPS students tour Chicago for free.

Thank you,
