Barnard School

Dear Mayor Daley:

Hello My Name is [redacted] I go to  
Barnard L. Alice School. I am in 3<sup>rd</sup>  
grade. In my class we learn about  
Recycling and about people like Jean Baptis  
Dussable. Dussable left a legacy for us.  
We learned a lot about him.

In class we learned a lot about  
Chicago. Our class is making a  
book about Chicago. My Paragraph  
is on the Buckingham Fountain.  
It is very fun and interesting.

If I was the president this  
is how I would make the world  
a better place. I would put  
trees every where to help help  
get a lot of oxygen. and I  
will make sure the taxes are  
not too high.
