Barnard School

Dear Mayor Daley my name is
and I am from

Barnard Elementary and I Love my
Principal and asistant principle they
always do wats best for the school.
My teachers name is

She teaches us how to save the pla
net and to recycle and we like to
do stuff like plant new baby trees
and do projects about how to recycle
stuff we already have boxes for plastic,
cans and paper. I only been to Barnard
for a half a year and I already like my
new school.

We learned about the state flower.
And we learned the capitol of the city.
We learned how to make the world a
better place. We learned about all the
cities.

If we need to make the
world a better place plant trees,
Stop fighting, cursing, drinking, and
smoking, recycle all we have to
do is open windows turn off
lights before you go to bed turn
off fassets when you brushing your
teeth.

Peace and blessing,
