Dear Mayor Daley

Do you know over 30 CPS students
have been shot and killed this year.
a really big change I would like to see
is less killing. This is a great idea
because I can see more love. I am
10 year old and seen so much killing.
It does not make any sense. Love is gone.
It will help me so much if you can
get people off the streets to stop
making guns. Some times I want to say
a speech to the world. It is helples
to some people. I want to see more
people alive and not dead. Not dead
and gone.

Sincerely

Jacob Beidler
