Dear Mayor Daley

Do you know that over 30 cps students have been killed this year already. A big change I would like to see in the city of Chicago is Stop killing people and stop being mean to each other. This is a great idea because people want to live and not die. Why is this a great idea because they need to let people live and not die while they're little. What the city need to do to make my plan work is to people need to stop selling drugs and people need to stop being mean to each other. That's what make people fight and then shoot. How will Chicago be different when the mayor make this change because nobody will die and everyone will live and grow up ~~and everyone will live and grow up~~ and want die.

~~Sincerely~~
sincerely,
