Dear Mayor Daley,

Hello! My name is _____ I am writing to tell you my plan on how to change Chicago to be a better place.

My plan is to stop people from polluting the air and change the cars so that they won't be polluting with the gas that got in their cars. I think this is a good plan because if you keep polluting the animals will die and because of all the polluting it goes up to the sky and makes the sun burn us up.

To make this plan happen we can make the cars move without gas so it can stop polluting in the air.

If you do pick my plan it will be nice and peaceful and clean for animals living on this land.

From,

Beider elementary
