Dear Mayor Daley,

Hello! my name is
I am write to share with you to
help Chicago and make it a better place.

My plan is to help homeless people
get homes for only the people who
have money.

To make this happen for all
the people will be happy you should
tell them to call them by
their real name.

If you pick my plan Chicago
will be a better place then
and people won't be bad and talk about
them then they won't be mad
