Dear Mayor Daley,

Hey! My name is \_\_\_\_\_, I am writing to tell you my Plan on how to change Chicago to be a better place to live.

My idea is to take guns from every body in Chicago. I want you to do this because no one will get killed anymore, People will not go to Jail anymore for shooting and you will not hurt good People.

To make this Plan happen we should all help and get all the guns from the houses and off the streets and from the gun stores.

If you pick my Plan Chicago will be a better place to live, because there will be no more kids getting shoot on the street anymore.
