

Dear, Mayor Daley

Hello my name is _____ and I am writing this letter to ask for your help. Can you please help We need you to get money to buy computers and books we have to share some books and we only have one working, up to date computer in our classroom. If we had more resources, our grades and scores would be much better.

I believe that this is a great idea because, it will allow students an equal chance to practice their skills, the more they practice the better students makes schools and cities look good.

If this change is going to happen, our school needs money or donation from different businesses, Maybe the city can have a fund raiser to help us out with this problem

When this change happens,
Chicago will have lots of students
with good grades and higher
scores, this make the city look good.
please try and make this change
happen. Let me know what I
can do to help.

Sincerely

Beidler school
