

I would just like to
say that you are important
in this city because

you manage to keep
Chicago somewhat safe

I would also like to point out

that we should give the
homeless some food. These are some
of the reasons.

so they won't die
of hunger because they
need something to eat and they
and they can be healthy.

so please major
davey, make this change
and help the homeless.

Sincerely,
