

Dear Mayor Daley

I have an idea to help make
our City better, by lower the taxes.
Because it went up so high.

This is a great idea because people don't
have a lot of money then they can buy
thing they need.

We want this idea to happen real soon
because so they will not run out of
all their money at the store.

If you make this change the
city will be better and the people
will too so please make this happen.
