

I want to make Chicago
a better place by using
money for schools and
buy them supplies like
paper and pencils I want
to make this change
because most schools don't
have as much books
and things. This will not
take along time or cost
a lot. If every school raise
money. If you make this
change I will be happy
and this will make children
stay at the same school.

Beidler School
315 W. Wabash
