

Dear Mayor Daley,

Hello my name is  
and I am a 3rd grader  
at Beidler elementary school.  
I want to make Chicago  
a better place by helping  
the schools.

This is a great idea  
because if the schools are  
given some help it will  
make students grades  
and behavior better. For  
example if the schools  
receive help (supplies, computers  
fun programs and money), the  
students won't have to struggle  
in class and can get a real  
good education.

If this plan is going to  
work, the schools would need  
to get a bunch of money.  
It might cost a lot of  
money but it will be worth it.  
The children are the future. This  
is a way of making sure the future will be better.

If the mayor helps make  
this change, the scores  
with the help of the

Sincerely,

3151 W Walnut
