Dear Mayor Daley,

Do you know that over 30 CPS students have been shot & killed this year around. A big change I would like to see in the city of Chicago is to stop killing.

This is a great idea because I lost a loved one and I know people who did, too. People still want to live there life. It will take the city a long time because they need more security camera's. When people run red lights and it's not their turn, they will get into a car accident, and get hurt. Chicago will be different when the mayor puts up security camera's. I hope you like my idea.

Sincerely,
