

Dear Mayor Daley

My name is \_\_\_\_\_ and  
I attend Beidler elementary  
School on the westside of Chicago.  
I am in 3rd grade and I would like  
to share an idea with you. I think  
that a change need to be made within  
some of these neighborhoods. need to be  
kept clean the streets need to be fixed  
and the school need more money.

I think this change is a  
great idea because it will make  
Chicago a better place to live  
Children can play without getting hurt people  
can drive without tearing up their  
cars and students can get the  
materials they need to succeed in school.

even though it might cost a lot of  
money it will be worth spending that  
money. IF a lot of people get together  
and help it might not take a  
very long time maybe people can volunteer  
to help. If they do then it won't cost  
that much money please contact me  
after you read this letter.

Sincerely

Beidler School  
3151 W. Walnut  
3rd grade
