

Dear Mayor Daley

I want to Make Chicago
a better place By keeping
it cleaner and green My name is
and I'm 8 years old.
and I go to beidler school.

This is a great Idea because
If we don't keep it clean
and green the City will
be nasty and things will
not be right to you.

The People will need help to
make this happen and come
true and they will need so
many things to keep it green
and clean.

Chicago will be different because
when the Mayor makes this change
people will tell people to clean
up and put things in bags and
not on the ground.

Sincerely

Beidler School
