

Beidler

Date 4/1/00

Dear Mayor Daley)

I know away you can  
Make Chicago a Better  
Place By Lowering Down taxes

Because some taxes are very  
high This will help Everyone  
Out. Then most of the people  
will be able to take care  
of their children, homes, and  
other property I think you  
should call a meeting with  
the Governor to see if  
some changes can be made.

Since the taxes have been  
Lowered, people won't be so  
stressed out and angry. Lowering  
the taxes will put more money  
in people's pocket and more smiles  
on their faces. Our city will be  
a better place if you can lower  
the taxes. Please try your best to  
make this change happen. I would  
really appreciate it a lot. Contact  
me when you make your decision.
