Beidler

Dear Mayor Daley

can I tell you something,
First my name is
I am in third grade and
my teacher is name
I want to ask you can
make some changes. you could
make a change by persuading
different jobs not to close
down. I think a good idea
because, sometimes when jobs
close people don't have money
to live. I also think it won't
take a long time. It might
not cost alot to much if
everybody pitches in and work together.
The last thing I want to say
is, if you make this change
it will be fantastic and
people will want to stay
in Chicago.
