

Dear Mr. Mayor Daley

I think a very good change is to get homeless people off the street.

I also think this will be a good change because when people get off the street for the first time they will feel good about their selves.

This will not cost a cent because all you have to do is put them in a shelter and it will not take along time because all you have to do is donate food and clothes when they get in the shelter.

This will make Chicago a better place because people will not have to worry about the homeless people washing up in their restaurant rest room, or the homeless begging for food and also resting in the middle of the street.
