

Dear Mayor Daley

5-13-69

Beider <sup>or</sup> make  
I want to Chicago a better place by making sure kids have a good home.

I will start it off by telling you how much the kids want to have a family, home, toys and friends.

I will make the kids look different and have manners. I will put up signs and having the faces and names and maybe someone will come to the foster home. I will tell the parents what they're good at and that might help. I will tell them about their behavior and how neat they are. I will give the parents money so they can buy clothes and toys. These are the steps in my plan to make this change.

This will be a great idea because it might take some of the weight off the foster home owners shoulders and create happier, positive children.

Please Write me back  
and tell me what we can do  
as a team to make this  
change possible.

Thank you,

3<sup>rd</sup> grade
