

Dear Mayor Daley,  
my name is

and I think  
we should get security  
cameras that actually  
work to go into the  
play grounds of Chicago.  
This is a great idea  
and here are some  
reasons why:

The children will  
be safe, people won't  
drink and get a  
bad influence, no boys  
will get hurt, and  
people won't get  
into fights.

If you make this  
change the children  
will have positive  
futures, happier attitudes,  
and a safer environment.

Please do your best

to make this change happen.

Sincerely,

31d grade
