

Dear Mayor Daley

You have made lots of changes but one change you didn't make is to let prices go down. My name is

I am 9 years old and I'm in the 3rd grade. I hope you

get this letter. A lot of people is struggling with a little bit of money. They want to be able to pay

their bills, can we cut down on the prices. For example, stores went

up on the chips they use to be

25¢ now it is 3 for a one dollar or 35¢ each. That's a lot of

money. Also my mom said water and electricity prices are very high. If we

made this change it would really make a difference in our city. People would have more money in their pockets and wouldn't be so angry all the time.

Please try your best to make this change happen. I hope it doesn't take a long time to happen let me know when we can plan on making this big change thank you for reading my letter.
