

# Dear Mayor Daley

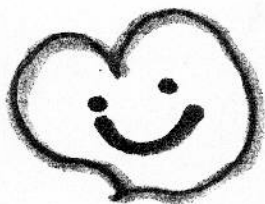

I need you to make  
a change for the city  
and me. My name is \_\_\_\_\_  
I'm 9 years old.

I'm in 3rd. My school is Belden.

I think you can make  
Chicago a better place

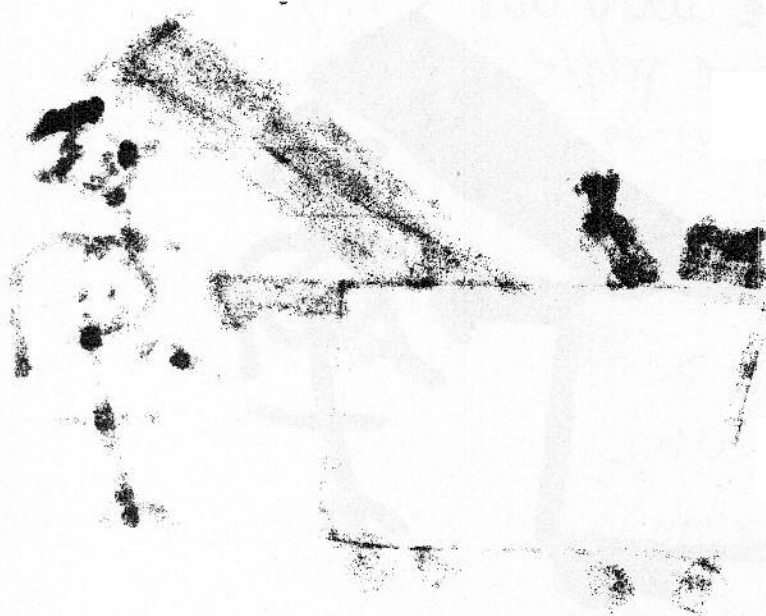

by making a foundation  
or you can give the poor  
a place to live. It can be a fancy  
shelter where they get  
food, jobs, water, etc.

This is a great idea because  
it can change the way our city  
looks and the way the people  
act. The parks and downtown  
areas will look  
nicer.

To make this change happen,  
we need to come together  
and find out where we  
can get some money to  
build these fancy shelters.  
Maybe we could sell cans  
or sinners to raise the  
money we need.

If this change is  
made, our city would be  
a much happier, cleaner,  
safer place to live. Please  
try to make this change.  
Write me back please!
