

Dear Mayor Daley.

I live in an apartment.
I would like to have everyone in
the apartment recycle.
We should have recycle bins
that are next to the garbage
can. I would collect all the
recyclable things and take
them to the bin. This would
be good because Chicago would
be cleaner. The city would have
to give everyone recycling bags
and bins. Chicago will
be a better place because it
will be cleaner.

Yours Truly
