Dear Mayor Daley,
I want to make Chicago
a better place by,
Making houses cheaper
So nobody will have
to sleep in the streets.
and so people could
get homes and get a
job and buy food so
they won't starve. and
I want to make Chicago
a better place by putting
gang bangers in jail
because everybody should
have a chance to live
and to go to places they have
never been to. That's what
I think would make
Chicago a better Place.

Sincerely,
