Dear Mayor Daley,

My name is _____ . I am in third grade at Cesar E. Chavez school in the Back of the Yards neighborhood.

My big idea for the city of Chicago would be to have recess at all of the elementary schools in Chicago. This is a great idea because the students will have more energy for learning. The students will also get more exercise from playing outside.

My plan will include planting grass so that the children can run and play outside their school. This plan won't cost that much money because all we need is green-space to play outside.

This would be a great plan because the students will get more exercise and they will be more alert at school!

Sincerely,
