CRITERIA FOR WRITING

These criteria are based on the Writing Scoring Guides of the Illinois State Board of Education IGAP Student Assessment.

You can share them with students directly--have them use this set of criteria to assess their own work before they re-write it to make sure they meet these standards. First, have the students write their own explanations of just what these standards mean. Then have students exchange their papers with each other and review them with these criteria. You also can use this list to have students focus on just one criterion at a time.

The reader knows what the purpose of the writing is.
The reader knows what the main ideas are.
