

May 14, 2009

Dear Mayor Daley,

My big idea for Chicago is for buses to run more frequently. This is a great idea for Chicago because people won't have to wait as long for the bus in the rain or winter. This is my big idea for Chicago and it could happen.

The city will need to hire more bus drivers. Next the city would need to buy more CTA buses. If the buses come early people can get to work faster. This is how my big idea for Chicago could happen.

Sincerely,

Crown Academy
