Room [redacted]

Dear Mayor Daley

I plan to clean up my community but I don't have any one to help me. I'm all alone. I need my community better. It will be more nicer to have a Cleaner Community. We need to make a clean community. We need to make a change and clean up our community!

Mayor Daley, Could you hire some people to help clean up the community. Let's make it better so we can camp outside. We will make this happen. People will come out side and have fun not litter everywhere make a change in you life Clean up!

Sincerely,
