Dear Mayor Daley:

Our plan to make Chicago better is to make a big fountain with names of important people of Illinois like Daniel Burnham, Abraham Lincoln, Barack Obama & Jean Baptiste Point DuSable. Each name will have a gold star on the top of the names.

The people who will use this are the people who visit it, learn about it, and the people who live here.

This idea will help Chicago because it will tell about the important people who helped Illinois.

This will help Chicago as a whole because it will remind people about these special people and they might follow in their footsteps.

This will be located in Grant Park because Barack Obama made a speech there when he won the election, and his name will be on the fountain.

To make the fountain will take about 4 years. It will take about 4 years because we have to raise money to make the fountain.

This fountain will tell some history of Illinois.

Thank You for reading are idea

Respectfully,
