Dear Mayor Daley:

Our plan is to make recycling a law. On busy streets we're going to put recycling bins.

People who do not recycle will pay a fine.

This will help the people of Chicago because people want trees but other people chop them off for paper.

You have to take care of the Earth.

This will help the City as a whole because the parks need more grass and animals too.

Hopefully this will be located on busy streets so its easier. This will take about a year because we have to make the bins and distribute them. I would like to add that can be turned into schools, parks,

Thank you for your consideration.  
Respectfully
