Dear Mayor Daley:

Our plan for Chicago  
is to make more air  
conditioning for schools.

The people who are  
going to use this is kids, teachers  
principals, and the janitor will  
monitor it.

This will help the  
people of Chicago. They can  
have school all year round.

This will help the  
city as a whole because  
the kids can concentrate  
on learning not about

taking a drink of water.

This will be located  
in every schools.

This will take about  
5 years, beacuse we will  
have to get the money  
so we can buy the  
conditioners.

We think this is a great  
plan for chicdgo. We hope  
you think about it.

Sincerely,

Michael K, Ethan, and Anthony, E
